Exemption Filing May Delay Taxes

By HARRY BARNES
Press-Record Staff Writer
Statutory amendments requiring churches, municipalities, fraternal organizations and all other owners of tax-exempt property to file applications for exemption of their 1970 valuations may result in a lengthy delay in completion of this year's assessment books, Dale Hill, chief clerk of the Madison County Board of Review, said today.

A delay in completion of the assessment books would, in turn, delay extension and collection of taxes next year. The

Board of Review customarily completes preparation of the assessment books by the latter part of December. Hill said the review board has completed adjustment of all real estate valuations of property for which exemption applications were filed earlier in the year under the Homestead Exemption Act and has extended all reductions of personal property allowed under new assessment regulations.

A much bigger job confronts the review board, however, under the new law. (Continued on page 3, col. 1)

WM. CARL GRAHAM
Dies at 81

William Carl Graham, 81, a philanthropist active in youth work for nearly 60 years and owner of Graham's Book Store, died at 9 a.m. Friday at St. Elizabeth Hospital. He had been a patient at the hospital the past two weeks.

For the last two years, Mr. Graham had resided in private quarters at the Colonades. Previously, he lived for many years at 1928 Benton St., and also occupied an apartment above his stationery firm at Niedringhaus and Delmar avenues.

The store will continue in operation, under the ownership of Roy K. Graham, a nephew of Mr. Graham, and Raymond R. Smith.

Active in the Masonic lodges, Almad Shrine Temple and affiliated organizations for more than 50 years, Mr. Graham was best known for his philanthropic activities in behalf of youth, mostly accomplished through his work with the Boy Scouts of America.

For over a half century, Mr. Graham was a member of the First United Presbyterian Church, where he taught Sunday School classes for 25 years. His contributions to the church included property now used for parking facilities.

Mr. Graham was a 35-year member of Masonic Lodge 877, AF&M, and the Grand Lodge of Illinois; a member of Anna Shrine Temple, East St. Louis, and the Scottish Rite Bodies for 32 years. He also held membership in the Order of Eastern Star and the Masonic Low Twelve Club.

Banks, Govt. Offices To Close Veterans Day

Veteran's Day will be observed in the Quad-Cities Wednesday with all banks and most government offices closed for the holiday. Most stores in the area will be open.

The lobby of the Post Office will be open for postal box patrons. Stamps may be purchased from the machines in the lobby, but all windows will be closed and there will be no mail delivery.

Savings and loan associations also will be closed. Stores will be open and regular hours will be observed.

The city hall and street departments in Granite City and Madison will be closed in observance of the holiday but the city hall and street department in Venice will be open.

The Illinois State Employment Commission, 2650 Madison Ave., will be closed. The Illinois State Employment Commission, 1920 Edison Ave., will be closed all day.

ABDUCTION FROM THE SERAGLIO will be performed at the SIU-SW theater at 8 p.m. Nov. 18 by the Turnau Opera Players group which was formed in 1955. A comedy scene titled, "Don Pasquale" will be presented by the group here Nov. 16.

Touring Opera Players Plan 2 Productions

The Turnau Opera Players, a return engagement at Southern Illinois University's Western Campus, will perform "Don Pasquale" Nov. 16 and "Abduction from the Seraglio" Nov. 18.

The public is invited, admission free, to both performances which will begin at 8 p.m. in the Communication Building.

The nine-member touring group originated in 1955. Since its first tour in 1960, the Turnau group has presented opera in English throughout the country, giving more than 600 performances of 85 operas.

The company's performing history includes a winter season at the Ringling Museum's Asolo Theater in Sarasota and 21 other resident seasons, including 14 summer sessions in Woodstock, N.Y.

Fun, Top-Notch Singing
"Opera is supposed to be fun," says Ward Pinner, producer of the Turnau Opera Players.

"The trouble is that it needs more than just top-notch singing to make an exciting performance. Top-notch singing is where we start at Turnau Opera. We take it for granted a singer will sing beautifully and be thoroughly prepared musically. From there he must make a good appearance on stage and move well."

"He must also have excellent diction. The drama—or the comedy of the word—is important and must come across to the audience. We don't want the audience to miss any subtleties or jokes," Pinner explains.

The opera group's appearance at SIU-SW is sponsored by the Artist-Lecture Series which brought the Turnau Players to the local campus last year for a presentation of "Cosi Fan Tutti."

DAY WITHOUT A QUAD-CITY TRAFFIC FATALITY

It is the first time since 1964 that no traffic fatalities occurred in the Quad-Cities area during a 24-hour period. The last fatal traffic accident in the area occurred on Nov. 10, 1964, when a car crashed into a tree on U.S. 40 near the intersection of U.S. 40 and U.S. 150 in Madison County.

Three GC Men Die in Area Traffic Crashes

Three Granite City residents were killed in two separate traffic accidents during the week-end.

The dead: Raymond E. English Sr., 19, of 2220 Orville St.

John Michael Kesterson, 19, of 1540 St. Clair Ave., a student at Granite City High School.

Welton "Earl" Keel, 33, of 2871 Washington Ave., a car repairman at Granite City Steel Co.

Thirteen persons were injured in 20 other traffic mishaps reported in and near the Quad-City area.

The English and Kesterson youths were killed at 2:20 a.m. Saturday when the car in which they were riding crashed into the locomotive of an Illinois Central freight train on the C&NW crossing on Meadowlark Lane north of Granite City.

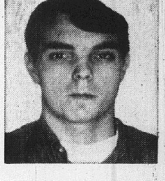

They were pronounced dead at the scene by Deputy Coroner Edward Werner of Granite City who said the car was traveling north on Meadowlark Lane at an apparent high rate of speed when it crashed into the locomotive.

A rescue truck of the Granite City Fire Department was summoned for equipment necessary to remove English's body from the car wreckage.

Madison county sheriff's deputies said the car in which the pair was riding had been stolen earlier in Granite City. Police reported here that the car was

Agency Seeks 'Desist' Order on Coke Ovens

The new Illinois Environmental Protection Agency filed a complaint Friday with the Illinois Pollution Control Board, alleging that Granite City Steel Co. since Jan. 1 has continuously caused or permitted air pollution.

Operation of three coke oven batteries, a sintering plant, two blast furnaces, a quenching tower and related facilities was cited.

The agency alleged violation of both state and federal air pollution control law and the Environmental Protection Act, which went into effect July 1.

It is the first time the state has charged the company with air violations. The former Illinois Sanitary Water Board in 1968 alleged that water pollution by the firm was creating fish deaths in Horseshoe Lake.

Hearing Requested
The Environmental Protection Agency on Friday asked for a hearing within 21 days before an officer designated by the pollution control board. It asked the board to enter a cease-and-desist order against further air pollution.

The complaint asked that the board assess penalties of \$5000 for each alleged violation between July 1 along with \$250 for each day of such violation.

For the period since July 1, a \$100,000 assessment was sought, plus \$1000 for each day.

A company spokesman said today that company officials have not yet received a copy of the complaint and will have no comment until the charges can be studied.

Discussion Tonight
The topic will be considered by the Granite City Air Pollution Control Board at its monthly meeting tonight at the city hall.

Praising the state move as "a most encouraging development," Henry Beniack, chairman of the Granite City air board, said, "We will discuss what actions can be taken to assist the state board in ex-

Mitchell Ware, superintendent of the Illinois Bureau of Investigation, said Friday that his agents had arrested Raymond Charles Darr, 20, Alton, an SIU-SW student, on two counts of alleged sale of narcotics—marijuana and hashish—and one charge of sale of a dangerous drug, LSD.

The arrest by the FBI, assisted by Alton police and federal officers, occurred Thursday. He was held in the county jail until \$10,000 bond.

He also said they have found in a residence a quantity of materials which could be used to make explosives. Included were chemicals and detonator parts. Also found was literature concerning "radical movements and guerrilla warfare." Ware said, adding that a six-week investigation is continuing.

MORE ABOUT Exemption Filing

der amendments to assessing laws adopted last year which require the holders of all tax-exempt property to file applications to qualify them for the assessment exemptions this year, Hill said.

Exemption Was Automatic
In the past, he explained, property owners entitled to tax exemptions automatically received the exemptions in preparation of the local assessment books by township assessors before the books were certified to the Board of Review.

State law permits exemption of property owned by such entities as cities, school districts or other taxing districts, fraternal groups, service organizations, churches and similar specified bodies.

Hill said a great many of such property owners either are unaware that they must file an application to qualify for the exemption, or have neglected to do so.

The exemption, if allowed, must be made by the Board of Review before the books go to the county clerk for tax extension work.

"It is going to take a great deal of time to clear all of these exemptions, particularly if we (the review board) must write each of these owners and notify them of the necessity of filing an exemption application," Hill said.

He said, "We're in pretty

good shape in the urban areas, but in the rural part of the county there is a great number of applications that haven't been filed."

Hill explained that unless the owners file the applications they will lose their assessment exemption this year and will be billed for taxes.

At the same time, Hill said that a circuit court ruling at Chicago holding unconstitutional the new tax law granting a \$1200 real estate assessment exemption on property owned by persons 65 years of age or older would have no immediate effect on assessment adjustments extended under this law in Madison county.

The Household Exemption adjustments have been completed and will apply to the 1970 valuations, Hill said.

He pointed out that the circuit court ruling is certain to be appealed and a higher court decision cannot be expected until late next year.

A children's party will be held following the fair presentation while adults, youth, and older children meet for an inspirational service in the church auditorium. Dr. James Smith, Illinois State Baptist Executive Secretary, will be the speaker. Rev. John Lamb is pastor of the church.

Sunday program will climax the fall stewardship program of the church, when commitment cards will be turned in pledging support to the church program.

MORE ABOUT Carl Graham

Roy K. and Howard Graham, both of Granite City; John W. Graham, Gallup, N. M.; Carl Johnson, Los Angeles, Calif.; Wayne Johnson, Van Nuys, Calif.; Donald Johnson, Alton; Charles and Robert Durbin, both of St. Louis and Remus Laycock, St. Louis; eight nieces, Mrs. Gayle Perkins, Mrs. Gerald (Joyce) Walters and Mrs. Mildred Seibold, all of Granite City; Mrs. Daisy Skipper, Hillsboro, Ill.; Mrs. Violet Alles and Mrs. Helen Wurtz, both of St. Louis; Mrs. Gladys Streible, Renda Beach, Calif.; and Mrs. Chilton (Nada) Gabel, Ridley Park, Pa.; and a number of grand-nephews and nieces.

Mr. Graham had operated Graham's Book Store at Niedringhaus and Delmar avenues for the past 48 years.

He contributed large sums for Boy Scout facilities and a university dormitory, as well as giving extensive time to the scouting program and directly aiding dozens of local students wishing to further their education.

A Granite City resident 60 years, he did not seek recognition but quietly performed countless acts of kindness and encouragement to build character in youngsters and to increase their opportunities for success in life.

Specific examples included: Donation of funds by Mr. Graham in 1954 for a three-story dormitory building at Blackburn College, Carlinville, Ill., erected by students under that school's self-help work plan.

Scout Office Fund
A current gift toward construction of an office building and service center in Granite City for the Chicago Council of Boy Scout Councils.

Organization of both the first Quad-City scout troop in 1917 and the council in 1920.

Leadership and part of the funds for development of Camp Rankin, Ironton, Mo., for local scouts in 1921.

Donation of a 12 acre site on Buell road and a completely equipped lodge there in 1939, now known as Camp Graham.

Participation in securing the 350 acre Summit Boy Scout Reservation near Potosi, Mo.

Early Career
Mr. Graham was born in Alexandria, Ind., was the son of the late William Graham, a descendant of Scotch parents who originally settled in North Carolina.

A bachelor, he came to Granite City in 1910 and worked for three years at the Commonwealth Steel Co., now General Steel Industries.

He later was employed at the Granite City Gas and Fuel Co. for more than seven years, and established a stationery business on State street before occupying his present location on Feb. 7, 1922.

Starting with the northeast corner of the building, he gradually expanded the quarters to their present size as he added office supplies and sporting goods to the original lines of magazines, newspapers, greeting cards and photographic supplies.

Basement Study Area
The basement of the store during the depression years became an unofficial center for young boys, who would gather there to study, talk or play table tennis.

This has been credited with keeping many of them off the streets and out of mischief, encouraging them to learn and to develop their abilities.

Though the basement is no longer needed in order for youngsters to have a recreation and study area, the store remains a place where a child can stop a while to read or browse and never be told he is wrinkling the pages or taking up too much room.

Mr. Graham's sales staff at all times includes students seeking to save funds to attend college.

A director and former vice president of the First Granite City Savings and Loan Association, Mr. Graham was active in the First Presbyterian Church and was a member of the city's Police Pension Board.

He was a charter member of

Technical data, cataloging, Army Aviation Systems Command (AVSCOM), St. Louis. Arthur Nelson, left, director, made the presentation.

Honors For Scout Troop
That was in May 1917 that a troop was organized with W. R. Webb as scoutmaster and Mr. Graham as assistant scoutmaster.

When Webb became the first scout executive of the new council, the troop continued under Mr. Graham's leadership and grew to over 86 members, winning many honors locally and nationally.

It was the first troop to be organized in the city, and was instrumental in securing a 20-acre site there for the council's headquarters.

With a daily diary, Mr. Graham's first intentions were to make this camp a place to rest from our usual tests and a place where they could find a badge work that could be done at home, so we gave them examinations.

Celebrities To Visit Hospitals On Veterans Day

E. Merle Harrison, administrator of the Illinois Veterans' Commission, has been named chairman of the Veterans Day Committee for Illinois. Gov. Richard B. Ogilvie will make the appointment.

Harrison will coordinate all activities for the day throughout the state. He pointed out that Veterans Administration hospitals will continue their "VIP program" (very important patients) begun last year when celebrities visited hospitals. Observances will be held in many cities.

The governor's proclamation continued: "The valor and devotion of our veterans and servicemen and women in the armed forces have demonstrated to enemies of freedom all over the world that free people will defend the principles of a free society."

Fire Truck Sirens
Harrison said the International Association of Fire Chiefs and Fire Fighters has approved a resolution to have all fire trucks roll over the thresholds of stations at 11 a.m. on Nov. 11 to sound their sirens.

Father, Son Hunters Hit Mark with Vision

Even though a boy may hunt so much to help his father, he can't hunt safely and successfully for when the game is spotted and aim is taken, the person pulling the trigger stands alone with his prey in sight, and in his hands rests the life of every hunter in his vicinity.

"No matter what the age of the man behind the rifle, his good vision and the effective use of his good vision can contribute to reducing the annual hunting toll of more than 400 killed and more than 2400 wounded," Floyd Mizener, O.D., president of the Illinois Optometric Association, said.

Although some of the more than 900 young hunters between the ages of 10 and 19 who were wounded or killed fellow hunters in 1968 may have been careless, inexperienced or in violation of the rules and laws, the majority probably experienced one of the major causes of hunting accidents: the victim moved into the line of fire; the victim was covered by a shooter standing on game; the victim was mistaken for game.

"These major causes of hunting accidents, based on statistics compiled by the National Rifle Association, are closely related to vision," Dr. Mizener said. "Most vision problems affecting the hunter are easily corrected and even a young hunter may have an undetected vision problem that needs correcting," he added.

Sharp, Clear Vision
To have the excellent hand and eye coordination necessary to hit the target with any degree of accuracy and to prevent hunting accidents, the hunter must have sharp, clear vision for spotting quarry at a distance and against the background of natural camouflage. Good depth perception is essential in judging distance and peripheral (side) vision is important to detect movements

and objects on either side of the hunter.
"Gray or smoke tinted prescription protective sunglasses provide a minimum of glare absorption and a minimum of color distortion for the hunter who is bothered with glare," the Illinois optometrist said.

"To protect the eyes from exposure to bright cases, flying shot, tree limbs and other hazards, all hunters including those who do not need corrective lenses, should wear protective glasses with either plastic or heat-treated (tempered) solid glass lenses. Both are impact resistant," Dr. Mizener added.

17 Million Hunters
About 17,000,000 licensed and unlicensed hunters in the field every winter hunt for deer. Every hunter should wear clothing his fellow hunters can spot easily. The National Shooting Sports Foundation, after careful study, recommends "hunter orange" (a daylight fluorescent orange with a dominant wave length 595-605 nm, a purity of not less than 83% and a luminance factor of not less than 40%) as the only satisfactory color for hunters to wear under all weather and lighting conditions. Experiments have shown even color blind people can distinguish "hunter orange" more easily.

"In teaching his son how to hunt safely, a father should emphasize the importance of a vision examination to detect and correct any vision problem as part of the annual hunting preparations," Dr. Mizener stated. Sharing a sport as hunting can bring a father and son closer together, and taking to the field can decrease any hunter's accident potential substantially, can make him safe to himself and to others and will increase his chances for a successful hunt.

Bi-State Contracts For 57 New Buses

A \$1,923,728 contract for 57 new air-conditioned buses was awarded Friday by the Bi-State Development Agency to the Fibble Co., Loudonville, O., the low bidder. They will replace older equipment now used primarily in the three-county Illinois area served by the Bi-State Transit System. A contract for an additional 12 vehicles is awaiting Department of Transportation approval. Col. R. E. Smyser, Jr., executive director of Bi-State Development Agency, said that the purchase brings to nearly 400 the number of new buses added to the fleet since Bi-State assumed responsibility for the transit system. Forty of the new buses will be 45-passenger vehicles with the remaining 17 providing seating for 51. All the new buses will be equipped with two-way radios and the latest in air pollution control devices. Two-thirds of the money required for the purchase of the 69 buses came from Department of Transportation grant of \$1,640,000, with the remaining \$283,000 from the Bi-State Development Agency's depreciation reserve fund and from prior grants principally from the state of Illinois.

St. Louis Legislation On Joint Airport Plan

Legislation is being drafted for St. Louis area airports consideration in two weeks, approving a cooperative agreement between St. Louis and the state of Illinois for operation of a second major metropolitan airport.

If it is passed, Mayor Cervantes will appoint two members to the St. Louis Metropolitan Area Airport Authority, joining five named by Governor Ogilvie.

Another three Missourians are to be appointed when the proposed airport has been built; it is estimated to have a 1980 completion date. At that time, Lambert-St. Louis Field also is to come under jurisdiction of the ten-member board. Joint plans for the \$350 million airport were announced in April. Site and other studies are continuing.

The Collinsville Chapter of Sweet Adelines, Inc., will present the group's third annual show at 8 p.m. Saturday, Nov. 21, at Webster Junior High School, 108 W. Church street, Collinsville. Several Quad-City area are scheduled to appear in the public concert.

Colorful costumes and many added attractions will spark the Sweet Adelines show which has as its theme—"Mardi Gras, Parade of Harmony." Dance routines, baton twirling plus barbershop singing by the entire chorus are planned, according to Mrs. Ramona Burnett of Granite City, publicity chairman.

The featured quartet for the 1970 show will be the "Chords Unlimited," a Chicago group which organized in September 1968.

The guest artists qualified in their initial competition at the Illinois District Preliminary in April 1969 and were quarter finalists in June 1969 at the 31st Annual International Quartet Competitions.

The quartet, consisting of Bob Toby of Merrillville, Ind., Dick Johnson, Franklin Park, Ill., and a minister known for his old style of preaching, Rev. Jack Borth of Collinsville, will ride to the service, through downtown Collinsville, on a horse. The church will be lighted with kerosene lanterns and the choir and those conducting the service will be dressed in costumes of the period when the church denomination was founded 50 years ago. Many in the congregation also will be wearing period costumes, but it is not required that those attending dress in costume.

The young people of the church, led by Jerry Nickles, youth director, will conduct the service with Rev. Borth. Those interested in attending are welcome. The church is located at the corner of Johnson St. and Morrison St. in Collinsville.

Veterans Day a Reminder of the Cost of Freedom

Veterans Day 1970 proclamation by President Richard M. Nixon:

"Veterans Day, 1970, is an appropriate time for all Americans to reflect again on the meaning — and the price — of peace and freedom. For this is a time when we pause to honor those Americans who have been willing to risk life itself in the service of these ideals — from Valley Forge to Vietnam."

"On an occasion like this, we feel the common bond which unites the American people across the centuries. We are reminded again that millions of Americans through the years have felt so deeply about our national ideals that they have been willing to set aside plans and hopes and friends and family to serve in the armed forces of the nation. We are proud to know that the spirit of sacrifice and service continues to characterize our country."

Prisoners, Patients
"On this Veterans Day our thoughts are especially with those who have returned from the war in Vietnam and those who are still a part of it, with those who are held as prisoners and those who lie in hospitals, with those who are missing in action and those who died in combat."

"All of these men and women have proved themselves worthy inheritors of the great traditions which veterans of other wars established and maintained."

"Though much has changed in our country through the decades, the selfless devotion of our fighting men has not changed."

Gratitude of Public
"It is important that all of our servicemen and all of our nearly 28 million living veterans understand that there is something else which has not changed in this country: the gratitude and respect which the American people feel for them."

"These feelings are expressed in many ways — formal and informal, tangible and intangible. They find very concrete expression in the work of the Veterans Administration, which is celebrating its 40th anniversary this year."

"Yet another way in which the nation acknowledges its debt to our veterans is its annual observance on Nov. 11 of Veterans Day, a legal holiday designated by the Congress and dedicated to the cause of world peace."

"Now, therefore, I, Richard Nixon, President of the United States of America, call upon the people of this nation to join in commemorating, with suitable observances, Wednesday, Nov. 11, 1970, as Veterans Day."

quest all government officials to cooperate with civic and patriotic organizations in conducting appropriate public ceremonies throughout the land.

"It is my hope that on this day all Americans will offer special prayers for peace and for the safety of those who now serve in our armed forces."

"And let us all in silent tribute pay special honor to those who have paid the full price to keep our freedom alive."

MORE ABOUT

transferred to Firm in Madison, Wis. after a conference with the Press-Record by John Palmer, a school district administrator. Reports of about 50% attendance by students today could not be verified with Richard Brown, principal, who said he had not had an opportunity to find out.

Madison police barred from the grounds today those students who chose not to attend classes.

Edward Meyer, 16, of 1325 W. 1st Street, was taken to St. Elizabeth Hospital at 9:45 a.m. Friday and was admitted with a concussion and forehead bruises and cuts which required eight sutures. He had two chipped teeth and a swollen jaw.

A fight occurred Friday between morning classes in a school corridor near a stairway among five boys who saw a quarrel assault another boy. Meyer and a friend broke up the assault and started to go to their classes, he related.

Boy Struck, Kicked
A short time later a group of boys, about 10 years old, hit Meyer, knocked him unconscious and kicked him on the head, nose and mouth while he lay on the floor. His father, Edward Meyer, said he learned the attack.

Mrs. Meyer said after today's meeting, "We got nothing out of them whatever." She said she plans to file charges against those who struck her son.

A boy, 16, was arrested for trespassing on school property but a group which remained in the area generally stayed outside a fence as directed.

Parents said they urged immediate action to increase student safety. One woman asked, "Can we go to work and leave our children here if they are going to get beaten up?"

It was believed that about 25 students were present in the auditorium during the early part of the meeting, with the number later reduced to three to serve as student representatives. Others were told to go to their classes or go home.

Madison Mayor Elsie Sasyk appeared outside the building but stressed that he regarded his election as mayor this year as expressing a public wish to "keep the schools divorced from the assault." He said he is "meeting this desire and justifying the schools holding it."

Several Suspended
Principal Brown said several students have been suspended after being reported by the faculty to have been involved in the assault. He stressed a need to thoroughly investigate reports of incidents, adding, "It is not our custom to pit the word of one student against the word of another student."

Brown said the meeting was held "because we want these problems settled as much as anyone." He said parents voiced protests and questions. Some of the parents disagreed with an alleged policy of limiting official response to those cases where teachers are witnesses.

Return From Funeral
Mr. and Mrs. Kenneth Fuller, 3184 Jill Ave., and children, have returned from the funeral of Mrs. Fuller's mother, Ida Belle Sammons, Jonesboro, Ark., who died last week in Jonesboro. The family returned here Thursday.

When the brakes failed on an auto driven by Don W. Bradford, Collinsville, jumped the median and stopped against a dirt embankment at 9:25 a.m. Sunday at East 20th Street and Edwardsville Road.

Two Autos Collide

Parents Confer On Pupil Injury

About 75 parents of Madison high school students assembled in front of the school this morning to protest handling of an incident Friday in which a student was hurt. They aired grievances in a conference with school officials in the auditorium this morning.

The meeting was called to the Press-Record by John Palmer, a school district administrator. Reports of about 50% attendance by students today could not be verified with Richard Brown, principal, who said he had not had an opportunity to find out.

Madison police barred from the grounds today those students who chose not to attend classes.

Edward Meyer, 16, of 1325 W. 1st Street, was taken to St. Elizabeth Hospital at 9:45 a.m. Friday and was admitted with a concussion and forehead bruises and cuts which required eight sutures. He had two chipped teeth and a swollen jaw.

A fight occurred Friday between morning classes in a school corridor near a stairway among five boys who saw a quarrel assault another boy. Meyer and a friend broke up the assault and started to go to their classes, he related.

Boy Struck, Kicked
A short time later a group of boys, about 10 years old, hit Meyer, knocked him unconscious and kicked him on the head, nose and mouth while he lay on the floor. His father, Edward Meyer, said he learned the attack.

Mrs. Meyer said after today's meeting, "We got nothing out of them whatever." She said she plans to file charges against those who struck her son.

A boy, 16, was arrested for trespassing on school property but a group which remained in the area generally stayed outside a fence as directed.

Parents said they urged immediate action to increase student safety. One woman asked, "Can we go to work and leave our children here if they are going to get beaten up?"

It was believed that about 25 students were present in the auditorium during the early part of the meeting, with the number later reduced to three to serve as student representatives. Others were told to go to their classes or go home.

Madison Mayor Elsie Sasyk appeared outside the building but stressed that he regarded his election as mayor this year as expressing a public wish to "keep the schools divorced from the assault." He said he is "meeting this desire and justifying the schools holding it."

Several Suspended
Principal Brown said several students have been suspended after being reported by the faculty to have been involved in the assault. He stressed a need to thoroughly investigate reports of incidents, adding, "It is not our custom to pit the word of one student against the word of another student."

Brown said the meeting was held "because we want these problems settled as much as anyone." He said parents voiced protests and questions. Some of the parents disagreed with an alleged policy of limiting official response to those cases where teachers are witnesses.

Miss Karen Heflin, who will be married to Larrie W. Boner. The betrothal has just been announced.

Miss Karen Heflin Weds Kenneth V. Dierker

Altar arrangements of white flowers and greenery, palms, lighted candles in the aisle and bows on the pews provided the setting for the wedding Saturday evening at St. John United Church of Christ of Miss Karen Heflin, a daughter of Mr. and Mrs. Eddie R. Heflin, of Worden, Ill., and Kenneth V. Dierker, whose parents are Mrs. Nellie C. Dierker, 2015 Illinois avenue, and William E. Dierker of Newbury Park, Calif.

Rev. Charles Richardson, assisted by Rev. Paul Surbey, performed the 7 o'clock ceremony, a feature of which was the lighting of the Trinity candles.

A traditional gown of rayon organza imported from Japan was worn by the bride. It was designed with a fitted bodice and long sleeves. Imported rayon silk Chantilly lace from France scalloped the sabrina neck and a row of covered buttons extended down the back with a large bow at the waist. The skirt, with a detachable chapel train, was appliqued with lace, pearls and crystals. A fingertip veil of silky illusion was secured with a headpiece of rayon silk, flowers, rhinestones and pearls and the bride carried two dozen long stem yellow roses tied with yellow ribbon.

The attendants were Mrs. Dale Heflin, a sister-in-law of the bride, matron of honor, Miss Winnie Ann Patterson, a cousin of the bride, bridesmaid, and Miss Cletia Heflin, the bride's sister, junior maid.

Dressed alike, the attendants wore floor-length gowns of satin made on Empire lines. The matron of honor was in palm green, the bridesmaid were gold, and the junior maid chose beige. The colors were accented with velvet sashes in blue, white and gold.

The bride's floor-length gown was accented with a white sash and a white basket filled with yellow rose petals.

MRS. JOHN F. LOVE. A bride of Saturday. Prior to her wedding at St. Elizabeth Catholic Church she was Miss Joan Blankenship.

Miss Joan Blankenship Bride of John F. Love

The wedding of Miss Joan Blankenship, a daughter of Mr. and Mrs. Clifton Blankenship, 2308 Clark Ave., and John F. Love, son of Mr. and Mrs. Richard Bowman, 2721 Myrtle Ave., was solemnized Saturday at St. Elizabeth Catholic Church.

Rev. Lawrence Mattingly officiated at 12 noon before the altar adorned with bouquets of blue, green and white mums and gladioli. Mrs. Magnolia Foster was vocalist.

A brunch at the Rose Bowl followed the church service and a reception was held in the evening at the Polish Hall in Madison.

The bride wore a gown of pure white satin with a full skirt and a full sweep train banded with scalloped lace fell from a soft bow at the shoulders. Forward lace and pearl petals secured a tiered veil of illusion and the bride carried a cascade bouquet of white spider mums, peonies and tree ivy.

Mrs. Theresa Ashby, a sister of the bride, was honor attendant, and Miss Beverly Miller, of Abilene, Tex., and Miss Joyce Hopkins, a cousin of the bride, were bridesmaids, serving with two junior maids, Kimberly and Jennifer Gush, left, and Courtney Gush, right, all cousins of the bride.

The bridesmaids were dressed alike in avocado gowns with sculptured Empire bodices of velvet, scoop necklines and short sleeves with soft satin bows. Satin encircled the waists with back bows and streamers down the long crepe skirts of light shaded green. The honor attendant was in cotton blue. Matching velvet bows and brief veils adorned their heads and they carried cascades of spider mums tinted blue and green.

The junior maids were in floor-length, gown-of-mums green velvet with velvet bow headpieces and carried blue and green bouquets similar to the older maids. The flower girl was in powder blue with a small basket of flowers.

The bride's mother chose a mint green brocade dress with a jeweled collar and a matching coat. Her flowers were white carnations. The bridegroom's mother was in a mocha knit dress with yellow carnations in her corsage.

Harold Love was best man for his brother, and the list of groomsmen and ushers included James Blankenship, a brother of the bride, William Seka, Randy Thompson, Richard Reutebach and Fred Painter.

Mrs. Phyllis Seka was in charge of the guest book at the reception.

After a honeymoon at the Lake of the Ozarks the newlyweds will live at 2628 State St. The bride graduated from the local high school and is now employed in the Medicare division of General American Life Insurance Co. in St. Louis as senior claims examiner. Mr. Love, also a graduate of local schools, is employed by Carpenters Local 633.

'New Ball Game' for Democrat Simon Under GOP Governor, Due to Illinois Senate Tie

Paul Simon kept busy, and constructively so, during the first half of his four-year lieutenant governor term, among other things serving as a kind of ombudsman for constituents with problems. But the circumstances of his situation—a Democrat serving under a Republican governor—in many respects left little for him to do.

This has changed dramatically as a result of the Nov. 3 balloting, and the second half of his term is certain to be more challenging and interesting.

The unexpected Democratic ascendancy in the Illinois Senate, victory in the election of the 58 races, puts Lt. Gov. Simon in a position to break certain tie votes in favor of the Democratic "minority." And it adds importance to the formerly dull, uneventful task of serving as Senate presiding officer.

Senator W. Russell Arrington of Evanston, Republican majority leader, who declined to vacate the lieutenant governor offices for Simon's use during the past two years (after moving in Lt. Gov. Samuel Shapiro became governor for a brief time in 1968), contends that there will be few if any instances in which Simon can actually cast a vote. However, with the 29-29 split, it seems obvious that the current lieutenant governor will be able to play a decisive role despite whatever technicalities Sen. Arrington may be able to raise.

Citing state aid to public schools and mass transit systems as deserving attention, Lt. Gov. Simon predicts a new Senate "with a little more social conscience." He does not propose to become a second governor, or to use the word "obstruction" for that matter. He adds, "When Gov. Ogilvie has good legislation, I will support him. But the blank check is gone."

The makeup of the Senate under the reduced GOP House 90-87, make it certain that the two parties will have a hectic time reapportioning legislative districts for the 1970s. Partisan considerations always affect redistricting and there will have to be compromises this time instead of the governor's party being able to call the shots, as would have been the case until last week.

Claim Tax Exemption Only Once

(Internal Revenue Service)

Q My children are now in school and I've started back to work. I thought I was claiming all our exemptions on my job so what should I do on mine?
A Since the nature of exemption should not be claimed by taxpayers, do not claim any exemptions on your job unless your husband drops them.

Q To avoid owing additional tax at the end of the year, you want to have your employer withhold taxes on the basis of no exemptions or at a single persons rate.
In many cases where both husband and wife work, enough is withheld to meet their full tax liability.

Q Can I give my 16-year-old son a shotgun and take him hunting with me without breaking any federal gun law?
A Yes. Under the 1968 Gun Control Act your son may not buy a shotgun or ammunition for it until he is 18. However, this does not mean that you cannot supply him with what he needs.

Q Some of the deductions I claimed were disallowed.
A The Internal Revenue Service has a list of items that are not deductible. If you are not sure, consult a tax professional.

Man Is Slain In Prohibition Raid

NOVEMBER 9, 1920

A Madison man, alleged to be the owner of illicit liquor, was killed in a raid in search of liquor. The officer was struck across the head with an instrument which inflicted a wound and loosened his teeth.

Hard rounds under construction in Madison county will be finished within the next two or three weeks if the pleasant weather continues.

Lodge 11, Amalgamated Association of Iron, Steel & Tin Workers, held a reunion of members of the lodge and their families at the Moose hall, with more than 200 present. The program included numbers by Professor Robbins' orchestra, and Mr. and Mrs. Percy Barron of St. Louis on the violin and piano.

Granite City joined in the national landslide and went Republican for the first time in 16 years. The GOP county ticket and levee board candidates were elected by heavy pluralities. Those elected included Joseph P. Streuter, incumbent, state attorney, John M. Lowder and Robert D. Schmidt, as levee board members, Edward McGee, as coroner, and John Melton, as circuit clerk.

By polling so many Democrats into office on his wide coattails, new U. S. Senator Adlai Stevenson III emerged as the state's best known Democratic official and perhaps the single most powerful individual in the party in Illinois, rivaling or surpassing Chicago Mayor Daley and Lt. Gov. Simon.

Simon could have virtually "written his own ticket," choosing to oppose either Gov. Ogilvie or Sen. Percy in 1972, but now undoubtedly will have to huddle with Stevenson, Daley and others and, perhaps, again have to settle for a lesser office than "best" for his party rather than best for his own career.

It was apparent that Simon would run for governor. But with both U. S. senators now residing in the Chicago area, as a consequence of Stevenson's victory, the need for downstate representation may bring about a change, with State Auditor Howlett making the next gubernatorial race. If Simon does seek the Springfield executive mansion, Howlett, new State Treasurer Dixon and new State Instruction Supt. Bakalis are probably the top contenders to run for the Senate.

The possibility of Lt. Gov. Simon eventually seeking the presidency or vice-presidency may have been dimmed slightly by the spectacular arrival of the new senator, who leads Illinois Senate business in 1971-72 will be watched closely by both friends and foes.

Unmatched Service to Youth by Carl Graham

The death of W. Carl Graham was of massive impact in the Quad-City area, where he was known and liked by countless thousands of people, for his personal integrity as well as his extensive philanthropy.

Mr. Graham throughout his 60 years in this community took keen interest in youth work. Giving unstintingly of his energy, time, planning ability and financial resources, he established an unparalleled record of aid and encouragement to students and students. Many hundreds of local youngsters benefited directly or through use of camp and university facilities which he helped provide.

It was fitting that he received the 1961 Civic Achievement Award of this community and numerous other honors. But the greatest memorial to him are the young people and adults whose lives are fuller and whose futures are brighter because of Mr. Graham's high regard for his fellow citizens, expressed in the form of tireless voluntary service and leadership.

Number of Congresswomen Has Risen to 13

Nineteen-seventy was the breakthrough year for the women's liberation movement, and after viewing the results of the 1970 general election the feminine half of the population may conclude that the figure 13 is lucky rather than unlucky. The number of women elected to the U. S. Senate and House has risen to that number, the most ever in the nearly two-century history of Congress.

Never let it be said that Illinois Constitutional Convention delegates have tried to "hide their light under a bushel." They have printed 12 million copies of the proposed new state constitution—figure slightly exceeding the total population of the state, including young pupils, toddlers and infants.

45-15 Plan-Efficient Classroom Use, Greater Curriculum Variety

By ROBERT M. BECKWITH, Manager
Illinois Chamber of Commerce Department
(Twelfth of a Series)

VALLEY VIEW 45-15 plan, a relatively simple school year-round school plan, Romeoville, Ill.

It can be very easy for the detractors of year-round school operation to insist costs will be greater.

This allegation may be made to the extent that additional educational opportunities are provided as a result of the flexibility available through year-round operation.

The local school board and its staff must define the scope of the educational program a community wants and is willing to support.

To put the total costs (capital and operational) in proper perspective, they must be compared to a per-pupil basis against the total cost of the district remained on the same month year with the same quality and breadth of education.

Some will point out that any saving on capital expenditures is, on a percentage basis, a relatively small item in the school budget and not worth getting worked up about.

Yet, even a small percent can mean many dollars—through the use of the same building, and when allowing for increased costs of construction.

Dependent upon the major objectives, other than efficient utilization of classroom space, by 1980.

Veterans' Spirit, Courage Needed To Achieve Unity at Home, Peace

(Veterans Day National Committee)

Veterans Day is a salute to the silent heroes who defended our freedom and now lie with fallen comrades in almost every land.

It is a day for the living. A day to salute those who served in the endless ranks of patriots, in peace or war, for duty, honor and country.

It is a day to remember the rattle of drums, the flag unfurled, the cold, clear notes of bugles calling men to sacrifice.

Veterans Day is a day for all Americans—every man and woman whose hearts beat with pride and love as well as the nearly 28 million men and women who have worn the uniform of their country.

A veteran stands for peace, for courage, for faith in America.

He stands for peace because he fought for it. He stands for courage, because he stood tall in the face of danger. He stands for faith because he returned in confidence to work, to grow a family, to participate in the affairs of this republic as a full citizen.

He is a man for his nation, a soldier, a sailor, a marine or an airman who, in his particular moment of truth, said, "This is my land, my people, my America, and if need be I will die to defend her."

He is a patriot, born free in a land of plenty, seeking to right the wrongs he finds, working to better his life and that of his fellow man.

He is an American, and he speaks the United States with respect and respect, knowing full well that he walks not in the footsteps of tyranny but with the vigorous stride of a free man who has measured the opportunity that is his and is using it.

He is a man who, in Arlington Cemetery, where annually on Veterans Day the leaders of our nation assemble in ceremony to honor them, is engraved in weathered stone these memorable words:

No for fame or reward
Not for place or rank
Not for duty
Or for duty
But in simple obedience to duty

As they understood it
These men suffered all
Sacrificed all
Dared all
And died.

There are a tribute to the living, as well, who dared all then, as they do today, in the eternal search for peace with honor.

Three Sets of Brothers Listed in Yule Mail Call

Today's edition of Yule Mail Call contains the addresses of a Granite City soldier in Vietnam who was hospitalized earlier this year after suffering fragmentation wounds in combat and three sets of local brothers whose current duty stations range from Germany to Vietnam and Monterey, Calif.

Individual residents and members of social, service, civic and church groups are invited to submit the names and addresses of Quad-City servicemen, whether serving overseas or in the United States, to the pre-Christmas Yule Mail Call service.

Those contributing the names of military personnel or a service couple are asked to write the details on a slip of paper or postal card and bring or mail the information to the Press-Record office, 1815 Delmar avenue.
